DELIVERY COST CALCULATIONS

SHOPMAX exclusively uses **PostNet** to deliver your ordered products, regardless of your physical location within the boundaries of South Africa. The estimated timeframes to deliver your products are **3-10 business days** (products in stock), **11-30 business days** (products not in stock or on back order), **30+ business days** (all pre-orders / products not yet released / products sourced internationally). **Please Note:** Delivery costs are not included in the listed prices of products on the e-commerce store, and should be added to arrive at the final price of the product. **No product will be shipped without receiving full payment upfront.**

Two delivery services are currently available

POSTNET 2 POSTNET

The cheapest option

(There are currently more than 450 PostNet branches available nationwide for your convenience)

PostNet 2 Door

The slightly more expensive option

The total delivery costs are influenced by both your physical location, as well as the highest of the actual weight or volumetric weight of the package.

Volumetric weight is calculated as follows:

$$\frac{50\text{cm} \times 40\text{cm} \times 30\text{cm}}{5000} = 12\text{kg}$$
